The battle lines are pretty well drawn! Target for today! Yes, between and during election campaigns the C.C.F. is the target! All other political parties . . . many groups opposed to the C.C.F. . . . pour money into this province . . . and spread propaganda of all types . . . to defeat C.C.F. programs!

Over the years a constant barrage has continued . . . it is reaching a peak now!

Remember how the farm security legislation was maligned! The battle was fought through the courts to the Privy Council! Two important principles were upheld . . . postponement of payment in years of crop failure . . . protection against foreclosure of the home quarter!

The C.C.F. fought for the farmer! The C.C.F. continues this fight!

Remember how hospitalization was termed "compulsion", "unworkable", "regimentation" and many other "choice" adjectives!

The C.C.F. fought for the sick, for those who needed hospital care. Many cheered, who now cheer and praise! What about tomorrow?

Remember the terms applied to the Saskatchewan Bill of Rights . . . "an act of aggression" and "just something dreamed up by the Attorney-General" were just two of the phrases.

This fine monument to Attorney-General Jack Corman exists as the only real legislation to eliminate discrimination. Civil liberties have a meaning in Saskatchewan!

Remember how Saskatchewan's Automobile Insurance Act was to be the "greatest hoax ever perpetrated" and how the Government Insurance has been under constant attack and ridicule! Powerful interests and power-seeking politicians would seek to wreck an insurance service built for the benefit of the people!

Remember . . . yes, so many other progressive ideas that have been scorned . . . were to result in tyranny . . . consistent fighting for principles is the C.C.F. answer! For the benefit of the many instead of the few is the philosophy of the C.C.F.

These things which others seek to destroy . . . they remain strong and vigorous . . . they are being improved and expanded!

On June 20 the C.C.F. fighters for the many instead of the few, will stand as a team! Some will experience victory . . . some will suffer an election defeat . . . but all will continue to fight for progress!

The C.C.F. movement is proud to present a team of fighters for the approval of Saskatchewan voters.

On June 20 be FOR and WITH the candidates who will strive to serve Saskatchewan and Canada better in the years ahead.

Be FOR and WITH the C.C.F.!

ON JUNE 20 VOTE C.C.F.

Located at Ninette Bay at Mile 501.4, it is the 21st bridge built by the engineers on the northern route in the past 10 years. Above, left, the Commissioner of the Yukon Territory, Col. P. H. If you've ever thought of the characters and you get down preparing for the Orient come spring cleaning time—don't. Look!
